F.No.D.12/17/2008-SEZ Government of India Ministry of Commerce and Industry Department of Commerce

Udyog Bhawan, New Delhi Dated the August, 2009

To

All Development Commissioners.

Sub:- Norms for building infrastructure in the non-processing area of SEZ.

Sir

I am directed to inform you that Empowered Group of Ministers in its meeting dated 24th October, 2008 had approved development guidelines to be followed in respect of operations in the non-processing area of the SEZs.

- 2. As per the decision, the Board of Approval while approving infrastructure within each category in the non-processing area of the SEZ will approve individual items on a case by case basis, depending upon the area of the SEZ, distribution of the area between processing and non-processing area, available FAR, projected employee population, location of SEZ and other relevant factors. The items approved in each category will be subject to the notification dated 27.10.2006 on authorised operations in the SEZ. However, approval for each category as a whole will be subject to the overall ceiling as indicated by DDA. The overall ceiling in each category will be revised upwards in proportion with the available FAR and area. However, the actual setting up of facilities will be circumscribed by the local town planning norms. As an internal safeguard, construction could be allowed in a phased manner, wherever possible, linked with actual level of activities generated in the processing area.
- 3. The development norms as indicated by DDA are enclosed at Annexure for your compliance please. These norms are indicative norms. For higher quantums, BOA will decide on case to case basis. Further for authorised operations on which norms are not fixed, BOA will decide. The Developer is to get the Master plan approved from the local bodies for the indicative social structure before commencing construction.

Yours faithfully

(T Srinidhi) Director <u>Tel:23063265</u>

Annexure

Sub: Development Norms for Non Processing Areas in SEZs.

Permissible FAR and land area is based on the following assumptions

- The area permissible for the non processing use is Max 50%
- The norms are based on 100 FAR on total area under non processing zone
- Min area for Sector Specific SEZ 100 ha
- Min area for IT/ITES, Biotechnology, Gems and Jewellery SEZ- 10 ha
- Min area for Multi Product SEZ 1000 ha.

1. Development guidelines – Multi Product SEZ

Maximum area permissible for Non Processing Zone – 500 ha $FAR-100\,$

Total Floor Space – 50,00,000 sqmts

Floor Space utilization

Activity	0	of	floor	Area in Sqmt
	space			
Residential – All types of	50)		25,00,000
housing typologies like				
villas, plotted housing				
apartments,				
condominiums etc as				
per the demand and				
need				
Commercial – This	25			12,50,000
includes retail				
commercial, hotels,				
service apartments,				
multiplex etc				
Facilities – This includes	25			12,50,000
schools college, social				
cultural institutes,				
hospitals, medical center				
etc				

Land Utilization

Activity	Percentage of land Area	Land in Ha
Residential, commercial	55	275 (ground coverage
and facilities		30%)

Open spaces	20	100
Circulation	25	125

Note: The overall ceiling in each category will be revised upwards in proportion with the available FAR and area.

2. Development guidelines – Sector Specific SEZ

Maximum area permissible for Non Processing Zone 50 Ha.

FAR - 100

Total Floor Space – 5,00,000 sqmts

Floor space utilization

Activity	Percentage of floor	Area in Sqmt
	space	
Residential – All types of	50	2,50,000
housing typologies like		
villas, plotted housing		
apartments, condominiums		
etc as per the demand and		
need		
Commercial – This includes	25	1,25,000
retail commercial, hotels,		
service apartments, multiplex		
etc		
Facilities – This includes	25	1,2,5000
schools college, social		
cultural institutes, hospitals,		
medical centers etc		

Land Utilization

Activity	Percentage of land Area	Land in Ha
Residential, commercial and facilities	55	27.5 (ground coverage 30%)
Open spaces	20	10
Circulation	25	12.5

Note: The overall ceiling in each category will be revised upwards in proportion with the available FAR and area.

3. Development guidelines – IT/ITES, Biotechnology, Gems and Jewellery $\ensuremath{\mathsf{SEZ}}$

Maximum area permissible for Non Processing Zone 5 ha.

FAR - 100

Total Floor Space – 50,000 sqmts

Floor space Utilization

Activity	Percentage of floor	Area in Sqmt
	space	
Residential – apartments,	60	30,000
condominiums etc as per		
the demand and need		
Commercial – this	15	7,500
includes retail		
commercial, hotels,		
service apartments,		
multiplex etc		
Facilities – This includes	25	12,500
schools social cultural		
institutes, medical		
facilities such as		
dispensary nursing home		
etc		

Land Utilization

Activity	Percentage of land area	Land in Ha
Residential, commercial	75	3.75 (ground coverage
and Facilities		30%)
Open spaces	10	0.50
Circulation	15	0.75

Note: The overall ceiling in each category will be revised upwards in proportion with the available FAR and area.
